

Microsoft® Office PowerPoint® 2003: Level 2

Course length: 1.0 day

Course Description

As a Microsoft® Office PowerPoint® 2003 user familiar with the basics, you're able to convey information clearly without much glitz. That's okay, but you can do better—audiences expect more than the basics. In this course, you will enhance presentations with features that will transform basic presentations into those with a powerful means of communication.

Course Objective: You will use Microsoft® Office PowerPoint® 2003 features that draw, animate, and format presentations with professional-quality content such that they may be communicated to a wide variety of live, remote, and self-service audiences.

Target Student: This course is designed for students who desire to gain the skills necessary to work with design templates, organizational charts, special effects, Web presentations, collaboration functionality, and advanced presentation delivery, or students who desire to prepare for the Microsoft Office Specialist exam in Microsoft® PowerPoint® 2003 and who already have knowledge of the basics of Microsoft® PowerPoint® 2003, including slide formatting, working with tables, images, and objects, charting data, and presentation preparation.

Prerequisites: To ensure your success, we recommend that you have taken the courses or possess equivalent knowledge.

- Windows XP: Introduction
- Windows 2000: Introduction
- Microsoft PowerPoint 2003: Level 1

Web browsing experience is also strongly recommended.

Delivery Method: Instructor led, group-paced, classroom-delivery learning model with structured hands-on activities.
